Dear Mr. Bislimi,

Dear Faton,

With this I congratulate you on your work in The Education for Peace Scholarship Program. I ~~to~~ believe that quality education is particularly significant for the progress of a society. On that note, I would like to thank you for taking the lead on sending Kosovar students abroad to receive a better education. Only through education can people become more productive for themselves and hopefully contribute to Kosovo's social, political and economic development.

Again, well done and am looking forward to hearing on the accomplishments of the students and the Education for Peace Scholarship Program.

Sincerely,
