August 31, 2006

Dear Admissions Official:

With this I would like to thank you for your kind offer to provide quality education to Kosovar students. I strongly believe the education your university has to offer will come extremely useful to the students of Kosovo, who will contribute to Kosovo's social, political and economic development in the future.

Considering the fact that these students come from a different place, language, religion and culture, I was more than pleased to see that the academic program at Texas Lutheran University is designed to serve a diversified community. Speaking of diversity, I am confident the Kosovar students will be a great asset to the diverse environment at your university and with their experience and knowledge will contribute to and enrich the learning environment and the campus life in general.

Thank you again for your generous help to the Kosovar students and Kosovo.

Sincerely,

A handwritten signature in black ink, appearing to read "Lutfi Hazim".

Lutfi Hazim
Minister of Local Government Administration and
Deputy Prime Minister
